

K-LOVE is like a close, dear friend. The music is always uplifting, positive and encouraging. There are not many positive messages coming from a lot of places these days and we don't need to lose what we do have. The local community, especially our young people, need the positivity K-LOVE provides on a daily basis. I believe it is in the public's interest to maintain what has become a staple to many of the folks in our community. Encouraging and clean music is not in abundance but there seems already to be plenty of the other every where you look or listen. Please do not take any action that might force K-LOVE out of our community and off our radio stations. A great disservice would be done if this were to happen. Thank you for allowing me to comment.
